POA staff makes party easy

Would you like to have a great party in the Village? Talk to the facilities coordinator, Stacy Hoover, and the food services coordinator, Patricia Short, at the POA.

For several years our golf group has had a Christmas Party. Since Tranquilo's Restaurant closed we found ourselves without a location for our party and few choices available to us.

So where do you go in The Village with a party for 50 to 60 people?

Having little experience in these matters I went to the POA Office at the Coronado Center and met with Stacy Hoover. We went to The Desoto Club, and after a tour, decided the bar area with dance floor would be suitable for a group our size. I signed a contract with deposit and was given a list of POA approved caterers.

I went with Rich Wittman at the Home Plate Café. We chose a top quality prime rib and sea bass. The food was excellent, the prime rib was the best I've had in years. It was cooked to perfection. Everyone raved about the dinner.

We hired DJ Larry Wilson to provide music for dinner and dancing, and Patricia Short at the POA helped me select the wine and table seating arrangements and all in all made our party one to remember. The comments have been a resounding "fantastic" and "this was our best party ever."

My thanks to Stacy and Patricia for making my job so easy and carefree. Rich and his catering staff far exceeded my expectations and I highly recommend them.

We put this fabulous party together for less cost per person than previous years and made my job of organizing it a breeze.
